

**Office of the State Comptroller
Job Opportunity
Information Technology Analyst 3**

PLEASE FOLLOW THE SPECIFIC APPLICATION FILING INSTRUCTIONS AT THE BOTTOM OF THIS PAGE!

Open To: Candidate on the current Exam Certification List.
Location: 101 East River Drive, East Hartford, CT
Job Posting No: #671
Hours: Full Time / 35 hrs. per week
Salary: \$74,183 (EU 30) – Starting Annual Salary
Closing Date: Until Filled

The Office of the State Comptroller (OSC) is currently seeking qualified candidates to fill an **Information Technology Analyst 3** position within the Information Technology Division / Core-CT. The candidate will be accountable for performing the most complex and technical support work and/or acting as a working supervisor of Information Technology Analysts engaged in information systems development or technical support.

Eligibility Requirement: Candidates must have applied for and passed the **Information Technology Analyst 3** exam and be on the current certification list promulgated by the Department of Administrative Services for this classification. State employees currently holding the above title or those who have previously attained permanent status may apply for lateral transfer.

Examples of Duties: Design, configure and maintain Oracle databases for optimal performance and reliability; provide support for existing Core-CT Oracle Data Guard disaster recovery instances; design and develop future Oracle Data Guard technologies and DR strategies; test and apply Oracle software updates, patches and new releases; participate in the development of architectural designs of complex database clusters; participate in the definition of data architecture standards and policies; develop and maintain system and application architecture diagrams and maintain documentation; recommend new tools and technologies; develop and maintain operational data stores and data marts; assist in the daily administration and operational tasks for all Oracle technologies and perform other related duties as required.

Preferred Experience and Skills:

- Oracle 11g DBA administration support in an Oracle/PeopleSoft 9.x environment (HRMS, Financials, or EPM).
- Knowledgeable in the installation, configuration and testing of fixes and upgrades to the Oracle Database 11g software, including integrated component technologies providing cluster managed services, high availability, scalability and workload management / load balancing.
- In-depth knowledge of Oracle databases with strong Linux and infrastructure experience (EMC SAN attached storage/RAID configuration, etc.).
- Advanced Oracle database technologies including Real Application Clusters (RAC), Cluster Ready Services (CRS), Automatic Storage Management (ASM) and Data Guard.
- Advanced data management strategies including Data Partitioning, Data Compression, Materialized Views.
- Configuring, testing and managing Oracle Data Guard instances.
- Database backup and recovery, RMAN, exports, imports, cloning and database refreshes.
- Experience with database capacity planning.
- Experience with Oracle Enterprise Manager (OEM) and performance monitoring, tuning and optimization.
- SQL and SQL performance tuning.
- Linux Operating System and UNIX scripting.

Note: The filling of this position will be in accordance with reemployment, SEBAC, transfer, promotion and merit employment rules, if applicable.

Application Instructions: Interested and qualified candidates who meet the above requirements must submit a cover letter, resume, three (3) letters of professional references from current and/or previous supervisors and an Application for Examination or Employment (CT-HR-12 – available at: http://das.ct.gov/HR/Forms/CT-HR-12_Application.pdf (Please indicate the job posting number on the application form). State employees must include copies of their last three (3) Service Ratings in lieu of reference to:
